The presidents Invitation

Geneva, September 10th, 2012

Dear Members,

In keeping with our societies' traditional meeting locations, we invite you again to Aarau to join us on November 2nd for the Annual General Assembly and Autumn Meeting.

The plenary lecture will be held by **Dr. Sebastian Boettcher** from the *Universitätsklinikum Schleswig-Holstein, Labor für hämatologische Spezialdiagnostik, Kiel, Germany* and is entitled "Analysis of lymphoproliferative B-cell diseases: Euroflow approach, MRD detection, difficult differential diagnosis," The title's open ending is surely an invitation for active participation in the discussion at the end of his talk.

As customary, we will discuss the send-outs from the External Quality Assessment Trials – due to the tight program of the Spring Meeting we still have open cases for presentation.

Time flies! The Societies Board has been in office for the last 3 years and needs to be elected or the term of its members renewed. The position of the auditor is vacant. Members interested in a candidature should send their application to the secretary. The application deadline is September 31st.

Please find the minutes of last years General Assembly in the attachment to the email. The detailed program is enclosed.

We are looking forward to meeting you and discuss ongoing and new projects,

Sincerely,

A handwritten signature in blue ink, appearing to read 'T. Matthes', with a stylized flourish at the end.

Thomas Matthes,
President of the SCS
